## Setting Up a COMMBUYS Account

COMMBUYS is the Commonwealth's electronic Market Center supporting online commerce between government purchasers and businesses. If you do not have one already, contact the COMMBUYS Help Desk to set up a COMMBUYS buyer account for your organization: (888)-627-8283 or [COMMBUYS@state.ma.us](mailto:COMMBUYS@state.ma.us).

Per **801 CMR 21.00**, Executive Branch Departments must use established statewide contracts for the purchase of commodities and services. Specifically, Executive Departments are required to use OSD's statewide contracts, including designated statewide contracts, if available, for their specific commodity and service needs. Exceptions will only be permitted with prior written approval from the Assistant Secretary for Operational Services, or designee.

When contacting a vendor on statewide contract, always reference OFF38 to receive contract pricing.

## Quick Search in COMMBUYS

Log into COMMBUYS, and use the Search box on the COMMBUYS header bar to locate items described on the MBPO or within the vendor catalog line items. Select Contract/Blanket or Catalog from the drop-down menu.

## How To Purchase From The Contract

- **Directly purchase fixed price items through COMMBUYS**

This contract allows buyers to find and quickly purchase specific products/services with pricing within COMMBUYS. In other words, it allows you to create a Release Requisition in COMMBUYS, submit the requisition for approval, and send the vendor a Release Purchase Order.

For a description of how to complete this purchase in COMMBUYS, visit the [Job Aids for Buyers](#) webpage and select:

- The *COMMBUYS Requisitions* section, and choose the *How to Create a Release Requisition and Purchase Order (Contract Purchase)* job aid.

- **Furniture Services:** Please reference the Category 9 tab of the Price Sheet for each vendor to determine which services are offered. Services differ by category. There are no service-only vendors on contract; all vendors awarded for product categories are also able to offer services as listed on their Price Sheets.

## Obtaining Quotes

Contract users should always reference OFF38 when contacting vendors to ensure they are receiving contract pricing. Quotes, not including construction services, should be awarded based on best value.

Contract discounts and other pricing published under the contract represent "ceiling" or "not-to-exceed" pricing. Eligible entities are encouraged to obtain competitive quotes from multiple awarded contractors. Special pricing, promotional pricing, and pricing further negotiated by any eligible entity will be honored for all contract users for a minimum of 90 days.

NOTE: Contract User Guides are updated regularly. Print copies should be compared against the current version posted on [mass.gov/osd](http://mass.gov/osd).

At the discretion of the purchaser issue through COMMBUYS [PO-15-1080-OSD01-OSD10-00000004029](#) a Request for Quote, to multiple vendors active on contract OFF38 specifying the items and services to be purchased including delivery cost. This PO has been set up as a distributor model (solicitation enabled) Master Blanket Purchase Order (MBPO) in COMMBUYS. A Solicitation Enabled Distributor Model MBPO is a single MBPO that has multiple vendors listed as distributors. This allows you to solicit quotes within COMMBUYS, then award the best value bidder and place the order through COMMBUYS. To see contractors are listed on the MBPO - click the "Vendor" Tab, then click the "Distributors" Tab.

The cost for installation, disassembly, or re-installation services must be quoted and billed as a separate line item in compliance with the applicable hourly labor rates and cannot be included in the cost of the product.

For a full description of how to complete a quote in COMMBUYS visit the [Job Aids for Buyers](#) webpage, and select:

- The *COMMBUYS Purchase Orders* section, and choose the *How to Create a Solicitation Enabled Bid Using a Release Requisition* job aid.

### Quotes Including Construction Services

Please note specific requirements that apply for quoting construction services, depending upon the scope of your bid:

- Where the construction services are less than \$10,000: Select a vendor based on sound business practices, consistent with your entity's procurement policies and procedures.
- For construction services valued from \$10,000-\$50,000: Must solicit a minimum of three quotes and receive two written responses; award to lowest responsible bidder.

### Estimates

The cost for installation, disassembly, or re-installation services must be quoted and billed as a separate line item in compliance with the applicable hourly labor rates and cannot be included in the cost of the product.

### Product Trials, Pilots, and Demonstrations

Vendors for the Seating & School categories will provide free 2 week loans of evaluation samples.

### Prevailing Wage Requirements

The buyer has a legal obligation to request a prevailing wage schedule from the [Department of Labor Standards \(DLS\) at www.mass.gov/dols](#). Questions regarding the Prevailing Wage Law may be answered by accessing the DLS website or by calling the DLS Prevailing Wage Program at (617) 626-6953. For this contact, the following prevailing wage categories include: all construction trades, and moving furniture & equipment.

If prevailing wage is required, make sure to include this information in your quotes or bids so vendors know to include prevailing wage.

## Instructions for MMARS Users

MMARS users must reference the MA number in the proper field in MMARS when placing orders with any contractor.

## Environmentally Preferable Products (EPP)

The Operational Services Division's Environmentally Preferable Products Procurement (EPP) Program has worked with existing vendors to identify environmentally preferable "lines" of furniture on Statewide Contract OFF38: Office, School and Library Furniture, Accessories & Installation that have reduced indoor air quality emissions and toxicity. This includes furniture that has reduced formaldehyde and volatile organic compounds (VOCs) emissions, is free of added antimicrobials, flame retardant free, polyvinyl chloride (PVC) free, and free of per- and poly-fluorinated chemicals used as stain/water/oil resistant treatments. You may find guidance and additional information below to help with your selections:

- [Finding EPP Furniture on Statewide Contract OFF38: Office, School and Library Furniture, Accessories & Services](#) : this is a two page summary description of the OFF38 EPP Furniture Table.
- [Guidance for Environmental Preferable Furniture: Review of Chemicals of Concern and Certifications & Standards, August 2016](#): includes a summary of chemicals of concern typically used in the furniture industry, and a list of some of the certifications and standards that have been used to measure environmental performance of furniture.
- [OFF38 EPP Furniture Table, 7/1/2016](#): searchable list of furniture lines from existing OFF38 Vendor offerings which notes whether the products meet environmentally preferable criteria, including those for indoor air quality. All information in the table was submitted by the vendors and has not been verified by the Commonwealth of MA. Buyers should confirm with the vendor all environmental specifications prior to purchase and should discuss how the vendor will provide evidence of conformance. This table is meant solely as a guide to help buyers identify environmentally preferable options and is current as of 7/1/2016.

#### General Standards

##### **Industry-Accepted guidelines**

Unless otherwise stated in the specification section for each category, specifications should, at minimum, meet the industry-accepted guidelines set forth by the furniture industry as they are generally understood and accepted within that industry across the nation, which includes products, services and warranties.

##### **ANSI-BIFMA Furniture Standards**

Awarded Bidders product must meet all current and future ANSI-BIFMA specifications for the specific category of furniture. On the Price Sheet, Bidders must attest to the statement that each product line offered meets or exceeds set standards and will maintain all appropriate ANSI-BIFMA standards for the term of the contract. The SSST may also require a manufacturer's statement of the same.

##### **Metal Surface Coating Standards**

All metal surfaces must utilize a plated or baked enamel (or equal) coating process. Powder Coating is highly desirable.

##### **Lock Accessory Standards**

All furniture pieces that have locks as a standard or optional accessory must have locks that secure all drawers and must be accompanied by the appropriate set of keys upon delivery and installation.

##### **Underwriters Laboratories, Inc. (UL) Standards**

Product with electrical components must meet all appropriate current and future Underwriters Laboratories Inc. specifications. Bidders must attest to the statement that each applicable product line offered meets or exceeds set standards and will maintain all appropriate UL standards for the term of the contract. The SSST may also require a manufacturer's statement of the same.

Updated: 7/27/18

Page 11 of 17

### **Americans with Disabilities Act (ADA) Standards**

Bidders must have product for each category bid, which can be ordered for use by individuals with physical disabilities. The bidder must identify product lines that have options that meet the ADA requirements on the Price Sheet.

### **Flammability Standards**

The Department of Fire Services is the sole agency within state government responsible for overall coordination of fire service policy and operations. Fire code 527 CMR 1.00 effective 01/01/2015 [derivative of base code: NFPA-1 (2012) with Massachusetts amendments], and the specific Section 12.6 are applicable to this request for response. 527 CMR 1.00 makes reference to CAL TB-133 and CAL TB-117-2013. All upholstered or re-upholstered furniture and molded seating must meet all flammability requirements referenced in 527 CMR 1.00, Section 12.6.

At least two product lines in each category from each bidder must be able to meet CAL TB-133 standards to accommodate purchasers in the City of Boston, subject to any updates to the Boston Fire Code, Regulation BFD IX-10, as set by the Boston Fire Department, Fire Prevention Division.

### **Flame Retardants**

The Commonwealth of Massachusetts is concerned about the increasing environmental and health problems caused by certain flame retardants. It is desirable that products meet flammability requirements without added flame retardants (as is possible with CAL TB-117-2013), or that they utilize flame retardants for which comprehensive toxicity data is available and demonstrates the flame retardant is not toxic.

### **Warranties**

Manufacturers' warranties apply.

### **Other Discounts**

- **Prompt Pay Discounts:** A discount given to the buyer if paid within a certain time period. These discounts may be found in the [Vendor List and Information](#) section below. All discounts offered will be taken in cases where the payment issue date is within the specified number of days listed by vendor and in accordance with the Commonwealth's Bill Paying Policy. Payment days will be measured from the date goods are received and accepted / performance was completed OR the date an invoice is received by the Commonwealth, whichever is later to the date the payment is issued as an EFT (preferred method) or mailed by the State Treasurer. The date of payment "issue" is the date a payment is considered "paid" not the date a payment is "received" by a Contractor.
- **Volume Discounts:** discount is negotiated by buyer if a certain volume of product or service is purchased.
- **Dock Delivery Discount:** discount is provided if product is delivered directly to the loading dock
